Dear Mr. Nygard and Mr. Pierre:

This letter formally submits, as Enclosure 1, three copies of the revised sections of the subject document, together with Comment Resolution Logs, to the WAG 10 Project Manager on each of your staffs. Please refer to Enclosure 2 for guidance in replacing sections in the previously transmitted Draft Final Comprehensive RI/FS document with the new sections that accompany this letter. Once these newer sections have replaced the older sections in the Draft Final document, the Draft Final document becomes a Final document.

During a WAG 10 Project Managers' Conference Call on August 15, it was verified that all comment resolutions were fully satisfactory.

The subject document is a final primary document as discussed in Section 8.3 of the FFA/CO. In accordance with the reference letter, the deadline for submittal of this document is August 20, 2001.
