**Re:** *Addendum to Table 1 of the Action Memorandum for General Decommissioning Activities under the Idaho Cleanup Project (DOE/ID-11293, Revision 1) (EM-FMDP-11-097)*

Dear Mr. Shaw:

On November 3, 2011, the Idaho Department of Environmental Quality (DEQ) received the request for concurrence for inclusion of the Accelerated Retrieval Project (ARP) structures with the list of structures to be decommissioned pursuant to the *Action Memorandum for General Decommissioning Activities under the Idaho Cleanup Project* (DOE/ID-11293, Revision 1, January 2009). DEQ is in agreement that this non-time critical removal action (NTCRA) approach will simplify administrative processes for management of these structures and associated wastes generated during decommissioning. DEQ concurs with this request. If you have any questions, please contact me at (208) 373- 0492.

Sincerely,
