Re: Waste Area Group 3, OU 3-13 Group 2 Soils Beneath CPP-601 and CPP-602 Deferred Action Remedy

Dear Ms. Hain:

The U.S. Environmental Protection Agency has reviewed your letter dated February 15, 2012, regarding the "Final Removal Action Report for CPP-601, CPP-602, CPP-627, CPP-630 and CPP-640" (DOE/ID-11453).

EPA considers this to be a final report that documents the implementation of the deferred action remedy selected by the OU 3-13 Record of Decision (as modified by the OU 3-14 ROD) for the Group 2 soil sites beneath CPP-601 and 602 (CPP-86 and CPP-117, which encompasses CPP-87, CPP-118, CPP-119, CPP-120, CPP-121, CPP-122, and CPP-123). EPA also concurs with the "no further action" classification of these sites

Please contact me at (509)376-8631 if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Dennis Faulk", written over a horizontal line.

Dennis Faulk, Program Manager
